

The National Water Quality Monitoring Council is excited to host the

NWQMC VIRTUAL GATHERING

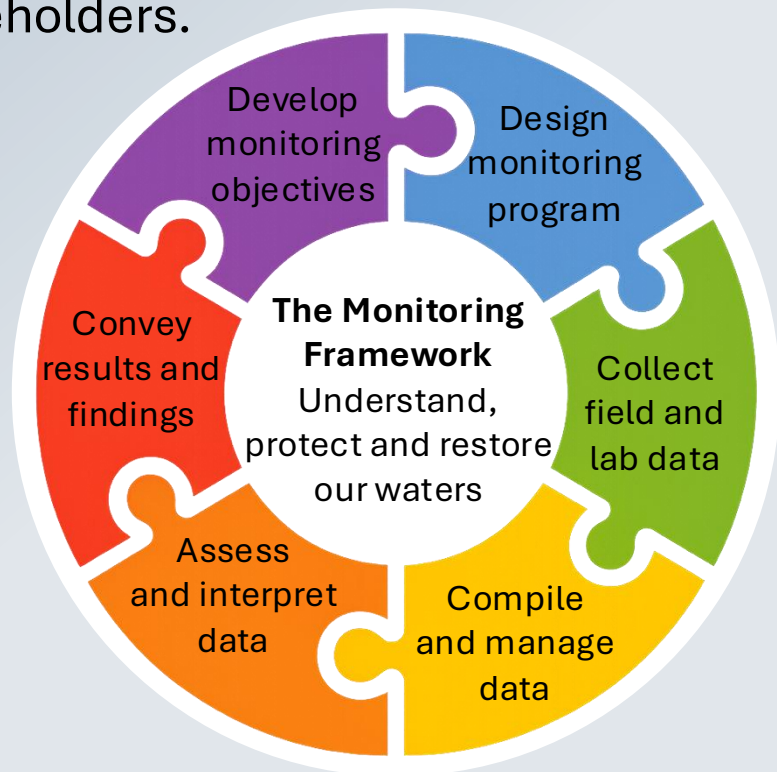

March 9–11, 2027

A national forum on monitoring **aquatic resources** for all water stakeholders.

This virtual gathering, held over 3 consecutive ½ days, will include:

- Concurrent presentations
- Roundtables & panels
- Lightning talks & posters
- Workshops & short courses
- Networking

2027 Theme:

Must-not-miss topics in the water monitoring community that are **new and **innovative**.**

The NWQMC plans to host the **15th National Monitoring Conference** in the spring of 2028. Location to be determined.

More information coming soon!

Please share this announcement with your colleagues, partners and staff.

Questions? Contact the 2027 Co-Chairs: Lilly Edmond, edmond.lillian@epa.gov, Candice Hopkins, chopkins@usgs.gov and Felipe Arzayus, felipe.arzayus@noaa.gov.
